

Project P15 - GenAI Customer Support Assistant

ID: P15 | version: v1 | asset_type: project | language: en
sector: Retail | duration: 6 months
stack: LLM, RAG, Vector DB, Service Cloud, GCP

Client

Omnichannel retailer O

Description

Internal assistant for support agents with an indexed knowledge base and sourced answers.

Measurable result

Agent response time down 35%

Context

Omnichannel retailer whose support agents searched several knowledge sources to answer customers.

Challenges

Outdated articles, inconsistent answers and the need to cite sources.

Solution

RAG assistant over an indexed knowledge base, embedded in Service Cloud with sourced answers and fallback rules.

Deliverables

- Indexed knowledge base
- RAG assistant
- Service Cloud component
- Feedback and evaluation loop

Team

- C11 - Dr. Amine Khelifi - GenAI architect
- C16 - Wassim Chaouch - Service Cloud integration
